### University Open Ended Items

**Open 1** What helped you learn in this course?

The simple demos and the fact that we did them together helped me a lot.

using different programs presented in class

Attending Class and taking notes

The demos and one on one help really helped me learn.

I loved the way professor Dengke taught the course. He is an extremely helpful professor who really wants his students to learn. Even though we are learning extremely difficult software he makes it very doable.

Professor Chen was extremely helpful and made the content interesting to learn.

**Open 2** What changes would improve your learning?

Change course description on angle to fit curriculum more. Love the Course even though its not what i expected.
